## Ski Hire/ Storage/ Lessons

Ski Hire: Intersport – Melezes, Plan Peisey:

We work with Loic at **intersport** for ski hire who offer excellent equipment with an online booking discount *plus* an additional 10% to our larger groups (10+).

Intersport are superbly located at the top of the Lonzagne Televillage Lift and next to the Peisey 61 lift.

Of course, the level of equipment that you want could increase or decrease the cost, all the details of what you can hire is on their site:

<https://en.peisey-vallandry.com/shops/intersport-melezes.html?origine=switchLangue>

Discount Code:

When booking online, use the code: *(2021/22 TBA Sept/ Oct)*

Ski and Boot Storage:

Skiing is a cumbersome sport, there is no denying that. We know that the less faffing the better (especially with the little ones)!! With this in mind, we have three private storage lockers with boot warmers based at Intersport for your ultimate convenience.

Although the Arc Chalet is only 300m from the Lonzagne 73 lift, we have found that a great guest experience means the less time carrying ski's or wearing boots other than on the slopes, the better.

So, at the start of the day, your warm boots will be ready to put on in the spacious area and your ski's ready to exit the shop directly next to the ski school meeting area and Peisey 61 lift and the Vanoise Express cable car.

At the end of your ski day, you can leave your ski's and boots and change to your own comfy shoes and either have some après drinks in the sun or take a leisurely stroll around the beautiful Peisey village, all without the usual hassle of lugging around your kit.

However, if you do want to ski back to the chalet, there is a relatively simple and short off-piste route back to the chalet where we also have ski storage and boot warmers if that is preferred.

So, all options covered

### Ski and Board School Meeting Point:

The chalet is convenient for beginners and children with the Lonzagne 73 lift being 300 metres from the chalet which is a pedestrian lift leading directly to the front de neige where the ski school is situated.
