## Ski Hire/ Lessons

Ski Hire: Intersport – Melezes, Plan Peisey:

We work with Loic at **intersport** for ski hire who offer excellent equipment with an online booking discount for our guests.

Intersport are superbly located at the top of the Lonzagne Televillage Lift and next to the Peisey 61 lift.

Of course, the level of equipment that you want could increase or decrease the cost, all the details of what you can hire is on their site:

<https://en.peisey-vallandry.com/shops/intersport-melezes.html?origine=switchLangue>

Discount Code:

When booking online, use the code: *(SNOWSITUATIONS22)*

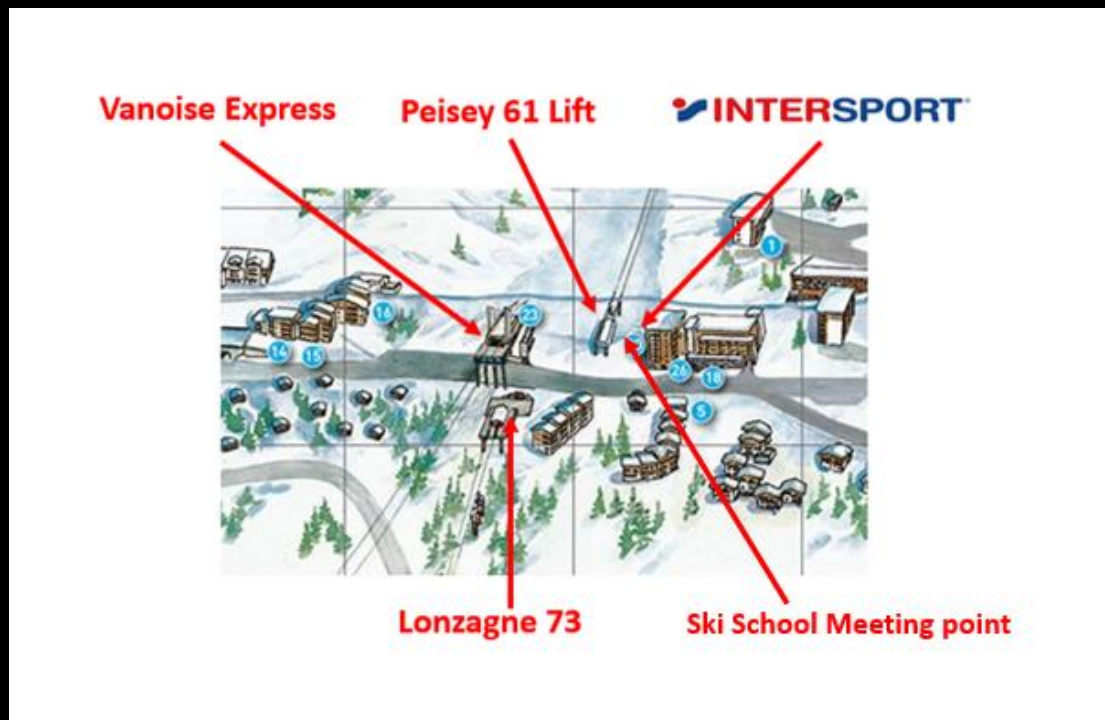

Ski and Boot Storage:

Skiing is a cumbersome sport, there is no denying that. We know that the less faffing the better!! We have a boot room with heated boot warmers for your comfort, so, at the start of the day, your warm boots will be ready to put on in the spacious area.

We are literally a 2 minute walk to the Lonzagne 73 lift that takes you directly to the ski school meeting point, the Peisey 61 lift and the Vanoise Express cable car for easy access to La Plagne.

At the end of your ski day, you can either take the Lonzagne lift down or if you do want to ski back to the chalet, there is a relatively simple and short off-piste route back to the chalet easy for intermediate skiers or boarders.

### Ski and Board School Meeting Point:

The chalet is convenient for beginners and children with the Lonzagne 73 lift being 100 metres from the chalet which is a pedestrian lift leading directly to the front de neige where the ESF ski school is situated.

ESF is the most convenient school with the most choice of lessons available whether private lessons or group lessons. The meeting point you should select is Peisey (not Vallandry).

Information on lessons and be found here: [www.esf-peiseyvallandry.com](http://www.esf-peiseyvallandry.com)

You should always book lessons as soon as possible to ensure that you get the times and programmes that you want.
